

Village of Rothbury Planning Commission
July 9, 2019

The meeting was opened at 4:30 PM in the Village hall by Chairman Mike Harris. In attendance were: Domo Cruz, Jerry Kooi, John Curtis and Secretary Carol Witzke.

The group discussed the Electric Forest festival. Their concerns centered on problems that affected village residents. Those included: the shuttle which took festival goers to Walmart, Sunday gate times and confusion about the times by security guards, the use of the catholic church grounds for the business of making keys by Eagle Towing and assorted other issues.

The consensus was that this year's event went well.

Meeting adjourned at 5:30 PM.

Respectfully submitted,

Carol A. Witzke
Planning Commission Secretary
